

Induction Analysis for Teachers who gained Qualified Teacher Status (QTS) between 1st August 2006 – 31st July 2007

Notes:

- The data was taken from the Register of Qualified Teachers on the 16th November 2012 and relates to those teachers who gained QTS between the 1st August 2006 and 31st July 2007;
- Where data relating to teachers with full registration status is shown it should be noted that the numbers are displayed as “actuals” rather than “full-time equivalents”;
- The number of registered teachers is “real time” and can go up or down, depending on new registrations and de-registrations;
- The employment data relates to the first employment recorded on an individual teacher record regardless of the number of schools, Local Authorities or private supply teaching agencies they may work for;
- Teachers who have met the Induction standards may have completed the programme in Wales or in England;
- Teachers who are not recorded as having completed the Induction programme and are not currently registered with GTCW but have been previously, may have subsequently completed the programme in England or the equivalent in Scotland or Northern Ireland;
- There are teachers who trained in Wales but who have never registered with GTCW or worked as qualified teachers in Wales. They may have subsequently completed the programme in England or the equivalent in Scotland or Northern Ireland.
- Data in respect of subject trained relates to the first subject recorded on the Register only

Cardiff Metropolitan University 1st Aug 2006 to 31st July 2007

Total Number of Students Qualified with QTS from Cardiff Metropolitan University during 1st Aug 2006 to 31st July 2007 was 513

Registration Status	Full registration
Year of qualification	1st Aug 2006 to 31st July 2007
Establishment where ITET Qualification gained	Cardiff Metropolitan
